1. Sistema para puertas correderas de interior de vidrio. 2. **STAR**, una única guía lisa y elegante con distintas opciones de instalación. 3. Instalación a pared, a techo, entre paredes, falso techo o falso techo invisible. 4. Perfiliería y accesorios en acabados aluminio anodizado plata mate y lacado negro y blanco mate. 5. Montaje rápido y eficiente: **Perfil Funda FT** (falso techo/entre paredes) para guía extraíble que posibilita la instalación por fases y permite un acceso directo a los herrajes en cualquier momento de la instalación. 6. **Perfil STAR FTI** (Falso Techo Invisible): que queda totalmente oculto en el techo y con posibilidad de **Registro STAR FTI**: pequeño acceso invisible compatible con juegos sin SofTop que permite montar y desmontar los herrajes sin dañar el techo. 7. **Pinza Easy**: minimalista gracias a sus reducidas medidas de fácil instalación gracias a la entrada frontal de la misma. 8. Perfil separador con geometría pensada para ahorrar tiempo en la instalación a pared. 9. **Distintas opciones de rodamiento**: a fricción o a bolas, ambas silenciosas y con un mínimo de esfuerzo de deslizamiento. 10. **Posibilidad de freno amortiguador (SofTop) doble** para SV-P70 Easy y SV-A90 Easy para un cierre suave y sin impactos. 11. Sin necesidad de guía en el suelo para dejar libre la zona de paso. 12. No se requiere mecanización del vidrio en ninguna de las aplicaciones. 13. Certificado Applus+ según la norma EN 1527 para toda la familia. Grado de Durabilidad 6: 100.000 ciclos de ensayo y Grado de Corrosión 3: 96h.

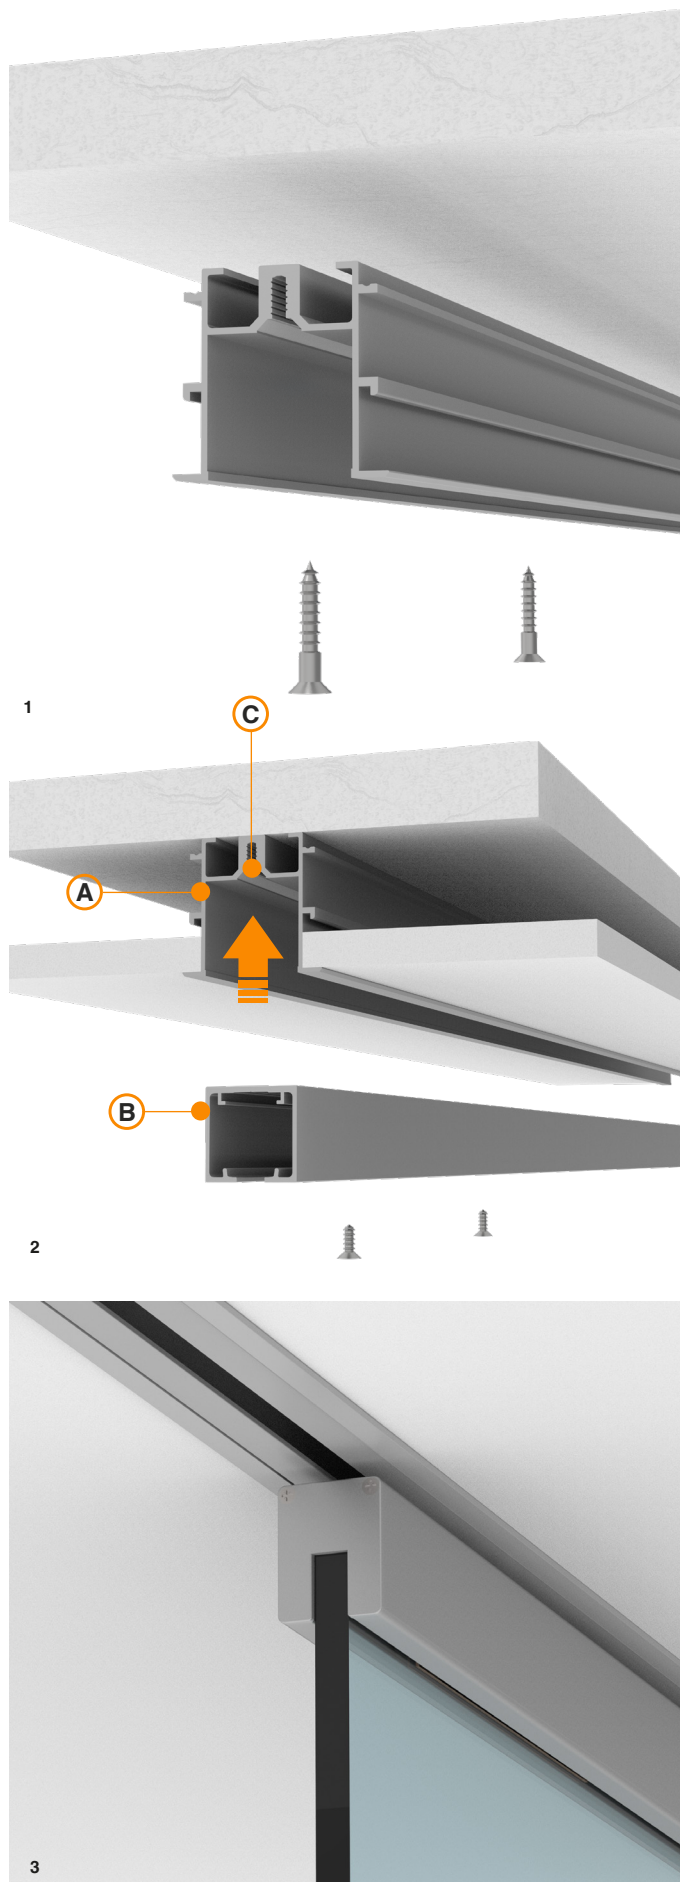

EN

1. System for interior glass sliding doors. 2. **STAR**, a single smooth and elegant top track with different installation options. 3. Wall or ceiling installation, with exposed profile or false ceiling, or invisible false ceiling. 4. Finishes in matte anodized silver aluminum and matte black and white lacquer. 5. Quick and efficient assembly: **FT Cover profile** (false ceiling and between walls) for a removable guide that allows phased installation and direct access to the hardware at any time during installation. 6. **STAR FTI** (Invisible False Ceiling): fully hidden in the ceiling with the option of **STAR FTI register**: small, invisible access compatible with systems without SofTop, allowing fittings to be mounted and dismantled without damaging the ceiling. 7. **Easy Clamp**, the most minimalistic solution available thanks to its compact cover. 8. Separator wall mounting track designed to optimize and reduce installation time. 9. **Different bearing options**: friction or ball bearings, both silent and requiring minimal sliding. 10. **Possibility of double damping brake (SofTop)** for SV-P70 Easy and SV-A90 Easy for a smooth, impact-free closing. 11. No need for a floor guide, leaving the passage area free of obstacles. 12. No machining of the glass is required for any of the applications. 13. Applus+ quality certification according to EN 1527 standard. Durability Grade 6: 100,000 test cycles, and Corrosion Grade 3: 96h.

FR

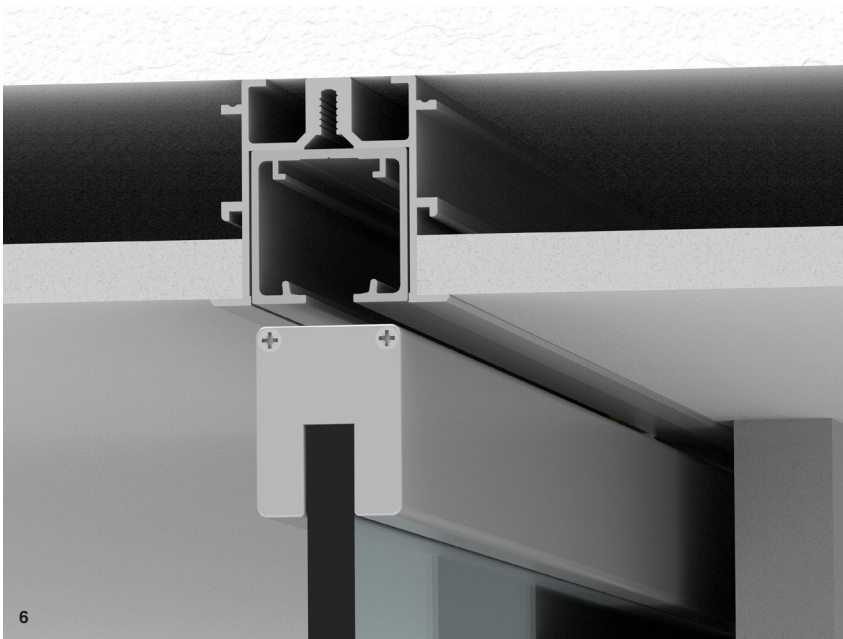

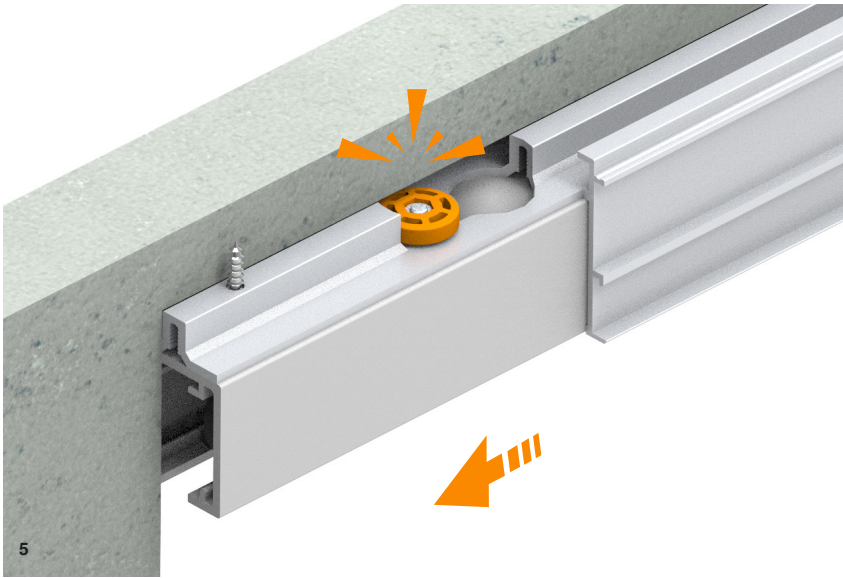

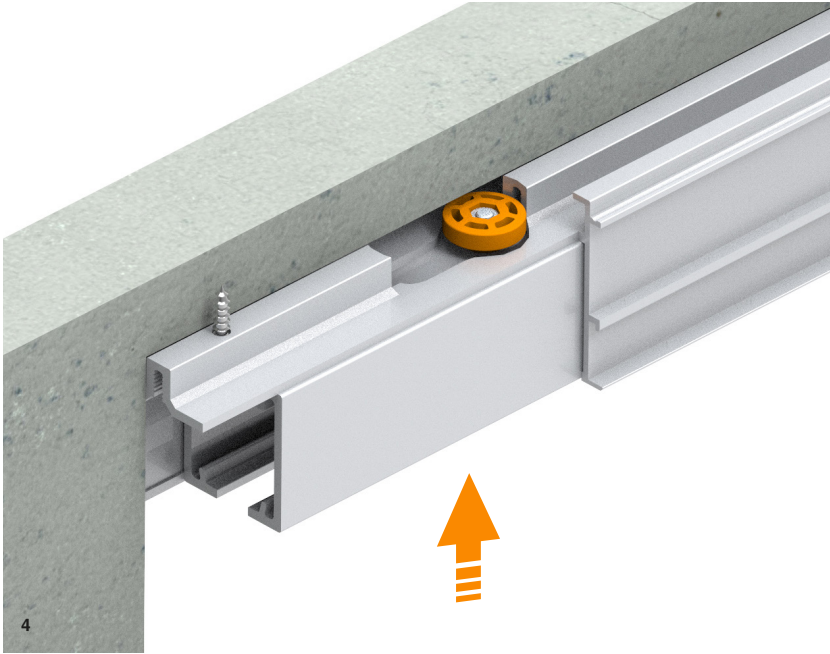

1. Système pour portes coulissantes intérieures en verre. 2. **STAR**, un rail supérieur simple, lisse et élégant avec différentes options d'installation. 3. Installation murale ou au plafond, avec profil visible ou faux plafond, ou faux plafond invisible. 4. Finitions en aluminium anodisé argent mat et laque mate noire et blanche. 5. Assemblage rapide et efficace: **profil de couverture FT** (faux plafond et entre murs) pour un guide amovible qui permet une installation en phases et un accès direct à la quincaillerie à tout moment pendant l'installation. 6. **Profil STAR FTI** (Faux Plafond Invisible) : totalement caché dans le plafond avec la possibilité d'un **registre STAR FTI**: petit accès invisible compatible avec les systèmes sans SofTop, permettant de monter et démonter les ferrures sans endommager le plafond. 7. **Easy Clamp**, la solution la plus minimaliste grâce à son couvercle compact. 8. Rail de montage pour cloison séparatrice conçu pour optimiser et réduire le temps d'installation. 9. **Différentes options de roulements**: à friction ou à billes, toutes deux silencieuses et nécessitant un effort de glissement minimal. 10. **Possibilité d'un frein amortisseur double (SofTop)** pour SV-P70 Easy et SV-A90 Easy pour une fermeture douce et sans impacts. 11. Pas besoin de guide au sol, laissant ainsi la zone de passage libre d'obstacles. 12. Aucun usinage du verre n'est requis pour aucune des applications. 13. Certificat de qualité Applus selon EN 1527. Grade de Durabilité 6: 100 000 cycles de test, et Grade de Corrosion 3: 96 heures.
