

Company always practice energy conservation and environmental protection development train of thought, actively advocate the concept of "low carbon new life", is committed to build low carbon way of human life for the society.

LOW
CARBON
LIFE
LEADER

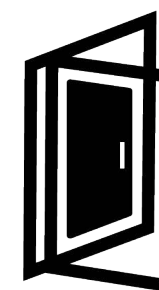

KNOW

since the founding date, has always been adhering to the concept of new hardware concept, based on high quality products, in line with the spirit of constantly developing new products, to provide customers with personalized system hardware solutions.

Our goal, is to provide users with the best product experience. The combination of aesthetic and functional is what we focus on the theme of all projects. Solutions we are offering a series of products, not only meet the requirements of users for functionality and safety, more emphasis on the hardware in the space of whole decorates adornment sex and artistic quality

We are not only production and sales of the commodity company, we are trying to grow to make every customer satisfied with the consultant and real partner. We advocate the development philosophy of "low-carbon life". To ensure customers' health, rich customers life, we have to improve the quality of life and realize the goal of human happiness sense of mission as an enterprise, the company a staff are working together to provide the best quality service and spare no efforts

CULTURE

Service goals

Along with the gender, the value of contemporary and contracted, reveal personality and have both contemporary and wisdom. Let us positive to the society of modern people, the pursuit of simplicity, fashion, comfort and freedom. Blend in arts and human ties, and decorative arts space hardware solutions

business philosophy

We are the creators, make your household life full of beauty and comfort,
We are supporters, with our high quality products and high quality service to provide you with system support;
We are escorts, during you use the product, we will give you consistent with;
We are the guardians, and strive to practice the concept of low carbon green, always pay attention to your health and safety

APPLICATION FIELD

Use requirement
quality is absolutely reliable. According to different problems, we conducted on its own product structure improvement, material change in order to protect the use of users at ease.

Adaptive
sent according to the different needs of customers tailored products as needed. Aiming at the need of environment function to match the design and manufacture of products is our concept.

Experience with
On the surface treatment we also absorb a lot of the advantages of traditional Japanese techniques. The moment of hope can be used in the user as they bring more different.

Product safety
in the process of installation of the product will deliberately set aside enough space needed for installation and removal, in order to avoid the use of cramped feeling and might products damage.

Product functional
Pay attention to product functionality. Let us go up in design not only adapt to the environment, we also consider the requirement of the construction on the function, such as airports, office buildings, our design more close to the human nature.

BP-9209D	38.1	4
BP-9209E	25.4	4

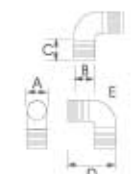

Material: SUS304, SUS316 Stainless steel
Thickness: 12 mm Tempered glass

Finishes available Satin stainless steel-SSS

BP 9008

316 304

ITEM NO	A	B	C	D	E
BP-9008A	63.5	57	61	24	114.3

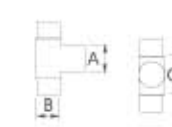

Material: SUS304, SUS316 Stainless steel
Thickness: 12 mm Tempered glass

Finishes available Satin stainless steel-SSS

BP 9009

316 304

ITEM NO	A	B	C
BP-9009A	50.8	60	67
BP-9009B	42.4	49	57
BP-9009C	38.1	49	60
BP-9009D	25.4	35	45

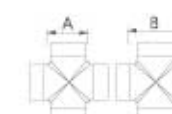

Material: SUS304, SUS316 Stainless steel
Thickness: 12 mm Tempered glass

Finishes available Satin stainless steel-SSS

BP 9101

316 304

ITEM NO	A	B
BP-9101A	50.8	72
BP-9101B	38.1	60
BP-9101C	25.4	50

Material: SUS304, SUS316 Stainless steel
Thickness: 12 mm Tempered glass

Finishes available Satin stainless steel-SSS

BP 9103

316 304

ITEM NO	A
BP-9103A	50.8
BP-9103B	42.4
BP-9103C	38.1

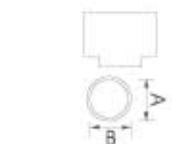

Material: SUS304, SUS316 Stainless steel
Thickness: 12 mm Tempered glass

Finishes available Satin stainless steel-SSS

BP 9105

316 304

ITEM NO	A
BP-9105A	63.5
BP-9105B	50.8
BP-9105C	38.1

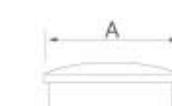

Material: SUS304, SUS316 Stainless steel
Thickness: 12 mm Tempered glass

Finishes available Satin stainless steel-SSS

BP 9207

316 304

ITEM NO	A
BP-9207A	101.6
BP-9207B	76.2

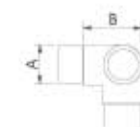

Material: SUS304, SUS316 Stainless steel
Thickness: 12 mm Tempered glass

Finishes available Satin stainless steel-SSS

BP 9100

316 304

ITEM NO	A	B
BP-9100A	50.8	55
BP-9100B	42.4	49
BP-9100C	38.1	49
BP-9100D	25.4	35

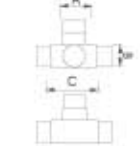

Material: SUS304, SUS316 Stainless steel
Thickness: 12 mm Tempered glass

Finishes available Satin stainless steel-SSS

BP 9102

316 304

ITEM NO	A	B	C
BP-9102A	50.8	55	72
BP-9102B	42.4	49	60
BP-9102C	38.1	49	60
BP-9102D	25.4	40	60

Material: SUS304, SUS316 Stainless steel
Thickness: 12 mm Tempered glass

Finishes available Satin stainless steel-SSS

BP 9104

316 304

ITEM NO	A
BP-9104A	63.5
BP-9104B	50.8
BP-9104C	38.1

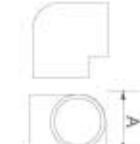

Material: SUS304, SUS316 Stainless steel
Thickness: 12 mm Tempered glass

Finishes available Satin stainless steel-SSS, Polished stainless steel-PSS

BP 1007

316 304

ITEM NO	A
BP-1007A	63.5
BP-1007B	50.8
BP-1007C	38.1

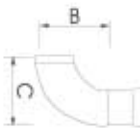

Material: SUS304, SUS316 Stainless steel
Thickness: 12 mm Tempered glass

Finishes available Satin stainless steel-SSS

BP 9206

316 304

ITEM NO	A	B	C
BP-9206A	50.8	80	85
BP-9206B	42.4	78	82
BP-9206C	38.1	74	78

Material: SUS304, SUS316 Stainless steel
Thickness: 12 mm Tempered glass

Finishes available Satin stainless steel-SSS
